ANNUAL REPORT
OF THE BOARD OF DIRECTORS FOR THE YEAR 1/1—31/12/2014

Dear Shareholders,
The Board of Directors' annual report regards the financial year 2014 (1 January to 31 December 2014) and has been drawn in accordance with the applicable provisions both of C.L. 2190/1920 (Article 107, par. 3, since the company draws consolidated financial statements), and of Law No 3556/2007 (par. 6, article 4) and the implementing decisions No 1/434/3-7-2007 and 7/448/11-10-2007 of the Capital Market Committee's Board of Directors.

This report includes all significant individual thematic sections that are necessary, pursuant to the aforementioned legislative framework, and provides a true picture of all information required by Law, in order to provide substantial and well-documented information about the activity during said period and the total course of "MOTODYNAMICS S.A." (hereinafter referred to as the Company) and the Group, in which the following companies are consolidated:

1. MOTODIKTYO S.A. having its registered office in Greece and a participating interest of 100%
2. MOTODYNAMICS SRL having its registered office in Romania and a participating interest of 100%
3. MOTODYNAMICS LTD having its registered office in Bulgaria and a participating interest of 100%

The Report is included as is, along with the Company and the Group's financial statements and the other data and statements required by law in the Annual Financial Report as of the year 2014.

The Report's sections and their contents are as follows:

1) Total course of the Group and the Company during the year under review:

The markets where the Group operates (automobiles, two-wheel vehicles and outboards) presented positive trends in 2014 and resisted despite the politico-financial turmoil in the last quarter. The Group managed to increase considerably its turnover & EBITDA. Demand is expected to increase further in 2015, which will further improve financial results and cash flows.

The course of the Group and the Company has been presented in the results of the year and, more specifically:

Turnover:

The consolidated turnover of the Group stood at € 35,97 m. in 2014 compared to € 29,16 m. in 2013, recording a 23,3% increase. The parent company's turnover for the same period increased by 25,18% and amounted to € 34,37 m., compared to € 27,45 m. in 2013.

EBITDA:

Earnings before interests, taxes, depreciations and amortisations as percentage on sales reached +1,71% on a consolidated basis against -1,68% for 2013. The respective results for the parent company were +1,83% compared to -1,71% for the same period last year.

Selling and Administrative Expenses:

The Group's expenses in 2014 stood at € 8,6 m. compared to € 8,9 m. in 2013, recording a 2,98% drop. Accordingly, the parent company's expenses for 2014 were € 7,4 m., compared to € 7,6 m. for 2013, down by 3,01 %.

Profits before taxes:

The Group restricted considerably the loss for 2014 to € 683,000 as compared to € 1,8 m. for 2013. Respectively, the parent company recorded € 559.000 in losses, compared to losses of € 1,6 m. in 2013.

Net profit and loss after tax:

The Group's net results after taxes amount to losses of € 668.000 compared to losses of € 1,6 m. in 2013. Net results after taxes for the parent company stood at losses of € 534.000 compared to losses of € 1,5 m. in 2013.

Current Assets:

The Group's total current assets for 2014 stood at € 13,6 m. compared to € 12,7 m. in 2013, recording a rise of 7,16%. Accordingly, an increase of 9,10% was posted in current assets for the company, standing at € 12,8 m. compared to € 11,7 m. in 2013. The increase mainly results from the increase in inventories with a view to covering the increased sales expected for the year to come.

Current liabilities:

The group's total current liabilities for 2014 stood at € 14,97 m. compared to € 13,91 m. in 2013, recording a 7,6% increase. This increase mainly resulted from the increase in current borrowing. For the same reason, the parent company's current liabilities stood at € 14,42 m. compared to € 13,28 m. in 2013, recording a 8,5% increase.

2) Report of significant events that took place during the year as well as after expiration thereof, until the date of drawing hereof.

During fiscal year 2014, as well as after expiration thereof and until the date of drawing hereof, the following significant events have taken place:

On 04 March 2014 the company "Motodiktyo of Northern Greece S.A", subsidiary by 51%, was permanently deleted by the competent authorities, according to decision of the Ordinary General Meeting of 30 December 2013 for the conclusion of the company's liquidation and final dissolution.

On 29 May 2014, the Ordinary General Meeting of Shareholders of the Company convened and approved the annual Financial Statements of the Company and the Group for the fiscal year 1.1.2013-31.12.2013, the Board of Directors' Management Report, the Statutory Auditor's Audit Report, the release of the BoD members and the auditors, the election of new ones for the fiscal year 1.1.2014-31.12.2014, the non-distribution of dividend, the approval of remuneration payment to the BoD members (under Article 24 par. 2 of Law 2190/20), the issue of new Bond loans and the extension of the treasury share acquisition plan of the company, the approval of the election of Board members in replacement of resigned members and the approval of the election of members of the Audit Committee provided for by Article 37 of Law 3693/2008 in replacement of resigned members.

In 2013, a regular tax audit was completed for the fiscal years from 2010 to 2011, for the wholly owned subsidiary company, Motodiktyo SA. The company appealed to a higher administrative authority within the context of the Administrative Resolution process, under Article 70B of the Income Tax Code, due to contest of VAT payment orders standing at € 23.679. By decision of Internal Review Office of General Secretariat of Public Revenue of Ministry of Finance on 18 February 2014 , the amount that was finally charged for VAT & fees for the fiscal year of 2010-2011 was € 3.396,04. The amount will burden the Group's results for the current fiscal year.

3) Statement of corporate governance

Introduction

"Corporate Governance" is the regulatory framework that describes the way in which companies are managed and controlled. In Greece in particular, the framework of corporate governance has been developed mainly through the adoption of mandatory rules such as Law 3016/2002 requiring the participation of non-executive and independent executive directors in the Boards of Directors of Greek companies whose shares are traded on a regulated market, the setup and operation of an internal control unit and the adoption of bylaws. In addition, other more recent pieces of legislation transposed EU company law directives into Greek law, establishing new rules of corporate governance, such as Law 3693/2008 that requires the setup of audit committees and important disclosure requirements regarding the ownership and governance of a company, and Law 3884/2010 relating to shareholders' rights and additional requirements for corporate disclosures to shareholders during the preparation of a general meeting. Finally, the most recent Law 3873/2010 transposed Directive 2006/46/EC into Greek Law, thus acting as a reminder of the need to establish a Corporate Governance Code.

The company has established and maintains high standards of corporate governance, in compliance with the requirements and provisions of the above legislative documents, in order to ensure transparency in financial management and operation, increase its reliability and business prestige and ultimately increase the value of its share. The Board of Directors of MOTODYNAMICS SA approved at its meeting as of 23.03.2011 the company's Corporate Governance Code which is posted on the company's website www.motodynamics.gr from the date of approval.

The Company hereby confirms that it applies strictly and faithfully the provisions of Greek law (C.L. 2190/1920, Law 3016/2002 and L.3693/2008) which form the minimum requirements to be met by any corporate governance code applied by the Company, the shares of which are traded on a regulated market.
As regards these additional practices and principles, there currently exist certain deviations (including non-application), which are summarised and the reasons justifying them are explained below.

A) The Board of Directors and its function

In accordance with Law 3016/2002, the Board of Directors consists of eleven (11) members: two (2) executive members, five (5) non-executive members and four (4) independent non-executive members. The Board members are elected by the General Meeting of shareholders for a three-year term of office which may be extended until the end of the period within which the immediately following Annual General Meeting must meet. The current Board of Directors was elected by the ordinary General Meeting of Shareholders as of 26.06.2012 on expiry of the term of office of the previous Board. The term of office of the above

elected BoD was set at three years but may be extended automatically until the convening of the immediately following Ordinary GM (after the end of the three-year term).

The executive members are the Chairman of the Board of Directors and the Company's CEO.

The non-executive directors are the majority of the BoD and are responsible for overseeing corporate activities. They are selected from among professionally acclaimed individuals in the business and academic circles, with domestic and international experience, on the criteria of education and social status. Therefore, these members are, by inference, able to express unbiased and objective views on corporate affairs. There is no committee to nominate to the Board of Directors, since such a committee is currently not considered to be necessary, given the structure and operation of the company.

The BoD meets at least seven times a year based on a schedule which is communicated to the members at year start. The acting legal advisor of the company takes up secretary duties to faithfully record the meetings of the BoD.

The members of the Audit Committee have knowledge and experience in finance, accounting or auditing and are also familiar with the business objectives of the Group. The Audit Committee shall have the same term of office as the Board, and may be entitled to special fees. The amount of such fees is determined by decisions of the GM and the Board of the Company.

The main responsibilities of the committee are to:

- Monitor the financial reporting procedure (competence under Law 3693/2008);
- Monitor the implementation of recommendations and suggestions of internal and external auditors by the executive management;
- Follow up the statutory audit of separate and consolidated financial statements (competence under Law 3693/2008);
- Check the accuracy, reliability and completeness of the annual and interim (half-yearly and quarterly) financial statements provided by the decisions of the CMC and the applicable legislation, and propose their publication;
- Evaluate external auditors, ensure their independence, qualifications and quality of control, make relevant recommendation to the Board on continuation or termination of the company's cooperation with them;
- Monitor the effective operation of internal control and risk management system (competence under Law 3693/2008);
- Evaluate the internal control, obtain views of the executive management and the external auditors on the effectiveness of internal control;
- Consider the findings of internal control and report to the Board in accordance with Law 3016/2002.
- Examine any findings of an audit conducted by national regulatory authorities;
- Ensure rotation of external auditors in accordance with the requirements of applicable law;

- Ensure smooth operation of the company's internal control, oversee operations, provide guidance, ensure that the internal control program covers the main areas of business risk; Ensure coordination of internal control with the external auditors;
- Update (regularly) the Board on its activities;
- Review and identify any deficiencies in the control systems and the related methodology of the company and the group, based on the findings of the internal control report;
- Review the Company's compliance with its legal obligations and the faithful application of the principles and procedures of the Group's Corporate Governance system, and make recommendations to the Board for any required modification;
- Review the company's policies and practices, identify, assess and manage risks; Inform the Management;
- Make proposals for the selection of external auditors, the determination of their fees and their discharge;
- Review and monitor issues related to the existence and maintenance of objectivity and independence of the statutory auditor or audit firm (competence under Law 3693/2008).

2. Remunerations Committee

The object of this committee is to make proposals to the Board on the remunerations system for retaining and attracting appropriate company staff. The committee consists of 3 to 5 executive, non-executive or independent non-executive members. It meets regularly once a year and on an extraordinary basis whenever the circumstances so require. It meets on call of its Chairman and the agenda is prepared, containing the necessary information so that its members are prepared and informed. Members are required to attend all meetings and may not participate by proxy. The decisions taken by an absolute majority of those present, while in case of a tie, the vote of the President.
Committee meetings may be attended without a right to vote by the Chairman of the BoD, the Managing Director and other company officers as the committee may consider appropriate. The Chairman of the Committee communicates the minutes of the Board. The committee has the same term of office as the Board.
Key competences - obligations:

- Make proposals to the Board about the remunerations of senior executives;
- Make proposals to the Board about the general remuneration policy in relation to the Group's staff.

The Managing Director, whose role is very specific, exercises the powers conferred by the Company's Board of Directors.
The Managing Director reports to the Board of Directors and he also serves as the General Manager.
The Directors, individual Divisions and Departments reporting to the Company's Managing Director - General Director are:

- Sales Manager
- Marketing Manager
- Retail Manager
- Technical Services Manager
- Group CFO

- Assesses and evaluates the effectiveness of the Company's managers based on the strategic goals and results of the Company as a whole and of each unit in particular.

Directors' duties and behaviour

a. The members of the Board and any third person to whom the BoD has delegated any of its responsibilities, and the managers may not pursue own interests which contradict the interests of the Company.

b. The members of the Board and any other third person to whom the BoD has delegated any of its responsibilities, and the managers must promptly disclose to the other Board members their own interests, as these may arise from Company transactions, which fall within their duties and any other conflict of interests with those of the Company or affiliated companies within the meaning of Article 42(3)(5) of Law 2190/1920, arising in the performance of their duties.

c. The members of the Board, by written notice to the Chairman, or by way of declaration to be recorded in the minutes of the Board meeting, must report to the Board any form of conflict of interest with the interests of other companies, including the interests of the group of companies to which it belongs, as well as the interests that may arise from significant Company transactions known to them. The members of the Board must notify the Board of their intentions to conduct significant transactions and financial activities related to the Company, as well as to major customers or suppliers.

d. The Chairman of the Board will be responsible for any further arrangements which may include abstention from the discussion and abstention from any voting procedure.

e. Any persons entrusted with managerial duties in the "S&B INDUSTRIAL MINERALS SA" Group should notify the Board, via the Internal Control Division, of their intention to conduct significant transactions and financial activities related to the company as well as to major customers or suppliers.

There is no requirement for regular meetings between the Chairman of the Board and non-executive directors without the presence of executive directors in order to discuss the performance and remunerations of the latter, as all issues are discussed in the presence of all members.

No provisions have been made for the existence of introductory programs for new Board members or the ongoing professional education and training for other members, considering that the persons proposed for election have sufficient experience and proven organisational and administrative skills.

C) Internal Control and Risk Management System

The Board of Directors (the "Board") places particular emphasis on systems of internal control and risk management, for which it is responsible, while such systems are monitored, among others, by receiving periodic reports on their operation.

The Board is responsible for the identification, assessment and monitoring of risks facing the Company and for their management. In addition to the periodic audits related to risk management, the Board is informed by the executive members with respect to serious issues of control, accidents or incidents, new or otherwise, which may have significant financial and business consequences.

The company has an internal control department.

This department is supervised by the Control Committee (or Audit Committee) and is under the responsibility of a senior officer. In accordance with Article 7 of Law 3016/2002 and Article 4 of decision 5/204/14.11.2000 of the Capital Market Commission, the head of the internal control department is independent in the exercise of his duties and is designated by the Company's Board of Directors. The internal auditor may request information about any book of entries, document, file, bank account and portfolio of the Company, and have access to any Company department. The Board members must cooperate and provide information to the Internal Auditor and in general facilitate his work in any way. The Company's management must provide the internal auditor with all necessary tools to facilitate his work.

In accordance with Article 8 of Law 3016/2002, the internal auditor has the following responsibilities:

a. Monitors the implementation and ongoing maintenance of the Company's bylaws and Articles of Association, as well as the laws in general that apply to the Company and particularly the laws on limited companies and the capital market and money market;

b. Reports to the Company's Board any conflicts of private interests of members of the Board or managers of the Company with the interests of the Company, which he identifies in the exercise of his duties;

c. Informs the Board in writing at least once every quarter about the audits performed and attends the General Meetings of shareholders;

d. Provides, upon approval of the Company's Board, any information requested in writing by supervising authorities, cooperates with them and facilitates them in any way possible in their monitoring, audit and surveillance duties.

Also in accordance with Article 4 of decision 5/204/2000 of the Capital Market Commission, the internal auditors will also:

a. Verify compliance with the obligations laid down in decision 5/204/2000 of the Capital Market Commission;

b. Verify compliance with the commitments contained in the Company's prospectuses and business plans regarding the use of funds raised from the stock exchange;

c. Check the legality of fees and all kinds of benefits to members of the management in relation to decisions made by the Company's competent bodies;
d. Monitor the relationships and transactions between the Company and its affiliates, within the meaning of Article 42e(5) of C.L. 2190/1920, and relationships between the Company and the companies in whose capital Company Board members or shareholders participate with at least 10%.

Management of Company and Group risks in connection with the preparation of financial statements (corporate and consolidated).

The Group has invested in the development and maintenance of advanced IT infrastructures which ensure accurate representation of financial figures through a series of security safeguards. At the same time, the analysis of results covers all aspects of the business activity, and comparisons are made between actual, historical and budgeted income and expense accounts, with detailed explanation of all significant deviations.
The Financial Statements (semi-annual & annual) are reviewed and audited by external auditors, respectively.
The budgeting & forecasting procedure is reviewed and approved by the Board. As part of its audit duties, the Audit Committee of the Board justifies any budget/forecast deviations, considers its forecasts and ensures liquidity. It also holds meetings at least twice a year with the external auditors to be updated.
The Group's operations are governed by a regulatory framework reflected in the existence of approved policies and procedures including, without limitation, regulation of procurement, staff recruitment and dismissal, sales policy, etc. The internal audit department carries out controls to ensure compliance with the above procedures.

This statement of Corporate Governance is an integral and special part of the Annual Report of the Company's Board of Directors.

4) Main risks and uncertainties.

Financial Risk Management:

Interest Rate Risk:

Working capital needs are financed, among other sources, by bank debt. The Company and the Group are able to borrow at satisfactory terms and, if deemed appropriate, to apply hedging techniques to protect against interest rate increases, through Forward Rate Agreements (FRAs).

Foreign Exchange Risks:

The parent company and its domestic subsidiaries transact mostly in Euro, and are therefore not impacted by foreign exchange rate changes.

As regards foreign subsidiaries, the Bulgarian subsidiary maintains most of its liabilities in Euro, while the local currency maintains a fixed parity vis-à-vis the Euro.

The Romanian subsidiary has most of its liabilities denominated in Euro. The local currency (RON) shows some fluctuation against the Euro; and if it is necessary these fluctuations are centrally confronted because the parent company has the ability and know-how to hedge these risks using forward foreign exchange transactions or other hedging techniques.

Liquidity Risk:

The parent and its subsidiaries meet their obligation to suppliers and banks in a prompt and timely manner, and no past due obligations exist. Motodynamics possesses sufficient creditworthiness, as shown by the overall credit limits available to the company which, as of 31 December 2014, stood at € 11,8 m. for the Company and €12,05 m. for the Group. 57,17% of these amounts was used for the Group and 58,94% for the Company.

Capital management:

The Group preserves an optimum capital structure in order to reassure the ability to retain its business, secure its growth and its returns for shareholders. Capital structure management is based on Group needs and occasional economical developments. Group of companies capital adequacy is monitored based on relevant financial indexes.

Credit risk:

The Group is exposed to credit risk coming mainly from the potential failure to collect customer balances. In order to control credit risk, Motodynamics applies consistently an explicit credit policy that is monitored and evaluated on a constant basis, so that the credits granted do not exceed the credit limit set per customer.

5) Significant transactions between the issuer and its associates.

Transactions with subsidiaries

Transactions with subsidiaries (sales of merchandise and provision of services) are carried out within the Company's normal business operations. Outstanding balances at the end of the year are unsecured, interest free and settlement occurs in cash. On 31 December 2014 there are no pending guarantees or any other commitments of Motodynamics towards and from its subsidiaries. The Company's Management does not deem that a provision is required for potential failure to collect its receivables from its subsidiaries and, therefore, no provision has been formed.

The breakdown of transactions (sales of merchandises and provision of services) and Company balance with the above mentioned subsidiaries, in which it holds a participating interest, as well as the breakdown of transactions among the subsidiaries are presented below.

EXPLANATORY REPORT OF THE BOARD OF DIRECTORS
(in accordance with art. 4, par. 7 and 8 of Law no. 3556/2007)

6) Structure of the company's share capital - rights and obligations attached to shares

1.1. Company's share capital structure: The company's share capital amounts to 6.903.000 Euro, divided into 11.700.000 shares, of a nominal value of 0,59 Euro each. All Company shares are ordinary shares with voting rights and are traded in Main Market of the Athens Stock Exchange.

1.2. Rights and obligations: Each shareholder has rights and obligations that are proportional to the value of the Company shares that the shareholder owns. More specifically:

1.2.1. Each share provides to the owner the right of participation in the Company's annual distributed (or upon liquidation) profits, in accordance with the law, the Articles of Association and the General Shareholders' Meeting decisions.

1.2.2. Each ordinary share entitles the owner to participate and to vote in the General Shareholders' Meeting of the company.

1.2.3. Each Shareholder has preemption rights in every Company share capital increase.

1.2.4. Each Shareholder has the right to receive copies of the Company's financial statements, auditors' reports and the financial review of the Board of Directors.

1.2.5. The General Shareholders' Meeting reserves all its rights during liquidation (Article 35, paragraph 5 of the Articles of Association).

1.2.6. The liability of the shareholders is limited to the nominal value of the shares they hold.

7) Limits on transfer of Company shares

The Company shares are transferred as provided for by law. No limits on the transfer of Company shares are provided for by its Articles.

8) Significant direct or indirect holdings in the sense of Article 9 to 11, Greek Law 3556/2007

On 31.12.2014 the following shareholders held more than 5% of the total voting rights of the Company

3.1. Mr. Odysseas Kyriakopoulos held 20,50%.

3.2. Mrs. Aikaterini Kyriakopoulou held 19,81%.

3.3. Mrs. Flora-Maria Kyriakopoulou held 19,41%.

9) Shares conferring special control rights

None of the Company shares carry any special rights of control.

10) Limitations on voting rights

The Articles of Association make no provision for any limitations on voting rights.

11) Agreements among Company shareholders

The Company is not aware of any agreements among shareholders entailing limitations on the transfer of shares or limitations on voting rights.

12) Rules governing the appointment and replacement of members of the Board of Directors and the amendment of the Articles of Association deviating from those provided for in Codified Law 2190/1920

The rules set out in the Articles of Association of the Company on the appointment and replacement of members of the Board of Directors and the amendment of the provisions of the Articles of Association do not differ from those envisaged in Codified Law 2190/1920.

13) Authority of the Board of Directors or certain of its members to issue new shares or to purchase the own shares of the Company, pursuant to Article 16 of Codified Law 2190/1920

By decision as of 30/5/08 of the Ordinary General Meeting of Shareholders and the adjournment thereof, by virtue of Ordinary General Meetings as of 23/04/2010, 17/05/2011, 26/06/2012 and 29/05/2013, the company may acquire own shares on the following conditions:

a. The maximum number of own shares that may be acquired is subject to an upper limit of 400.000, an amount corresponding to less than 1/10 of paid-up share capital.

b. The maximum acquisition price of the shares was set at twelve (12) Euro, with the minimum price set at one (1) Euro. The adjourned meeting as of 23/04/2010 set the price at six (6) Euro, while the minimum price was set at sixty cents (0,60), the adjourned meetings as of 17/05/2011 and 26/06/2012 set the minimum price at thirty cents (0,30), and the adjourned meeting as of 29/05/2013 set the minimum price at fifteen cents (0,15).

c. The time-frame within which the share acquisitions will be performed was designated as twenty four (24) months, namely from 30/5/2008 to 30/5/2010, extended to 29/05/2015.

d. It authorises the Board of Directors, on condition that it adopts a relevant decision thereto, to implement the own shares acquisitions in accordance with the terms stipulated above and the conditions imposed by applicable legislation, designating the time periods and quantities of acquired shares.

Moreover, by virtue of its decision dated 6/10/08, the Board of Directors of the Company appointed the Managing Director as its special attorney-in-fact and process server and, in the event of his impediment, the Chief Financial Officer and the Manager of Financial Services and Credit Control, acting either jointly or individually, conferring them the authorisation to undertake all requisite actions in view of the acquisition of own shares, in the name and on behalf of the Company, in accordance with the aforementioned terms that were approved by the Ordinary General Meeting of Shareholders as of 30/05/2008 and its adjournment, by virtue of Ordinary General Meetings as of 23/04/2010, 17/05/2011, 26/06/2012 and 29/05/2013.

e. By decision of the extraordinary General Meeting as of 26/10/2010, the Company's Board of Directors was authorised, pursuant to Article 13(6) of C.L. 2190/1920, as in force, to determine the price of the new shares within such period as may be established by the Extraordinary General Meeting, and all those issues related to the permit from the Capital Market Commission, the preparation of the Prospectus, the listing of the shares on the Small and Mid-Cap Market of the Athens Exchange, the allocation of any undistributed shares and all related issues.

14) Significant agreements put in force, amended or terminated in the event of a change in the control of the Company, following a public offer.

The Company has no agreements which are put in force, amended or terminated in the event of a change in the control of the Company following a public offer.

15) Significant agreements with members of the Board of Directors or employees of the Company

The Company has entered into an employment contract (since 01.01.2012) with its Managing Director, Mr. Sotirios Hatzikos, which was approved by the Ordinary General Meeting dated 26.6.2012.

Audit Report of Independent Chartered Auditor Accountant

To the shareholders of "EMPORIKI EISAGOGIKI AFTOKINITON DITROHON KAI MIHANON THALASSIS COMMERCIAL SOCIETE ANONYME"

Report on the Company and Consolidated Financial Statements

We have audited the accompanying company and consolidated financial statements of the Company **EMPORIKI EISAGOGIKI DITROHON KAI MIHANON THALASSIS ANONIMI EMPORIKI ETAIRIA**, which consist of the company and consolidated financial position statement as of 31 December 2014, the company and consolidated statements of comprehensive income, statements of changes in equity and cash flow statements for the year then ended, as well as the summary of significant accounting policies and methods and other explanatory notes.

Management's Responsibility in regard to the Company and Consolidated Financial Statements

The Management of the Company is responsible for the preparation and fair presentation of these company and consolidated Financial Statements in accordance with International Financial Reporting Standards, as the latter have been adopted by the European Union. This responsibility extends to maintaining an internal control system deemed necessary by Management, in order to ensure the preparation of company and consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these company and consolidated Financial Statements, based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit in order to obtain reasonable assurance that the company and consolidated financial statements are free from material misstatement.

An audit involves performing procedures in order to obtain sufficient information and documentation concerning the amounts and disclosures included in the company and consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the company and consolidated financial statements, whether due to fraud or error. In assessing that risk, the auditor considers the internal control system relevant to the company's preparation and fair presentation of the company and consolidated financial statements, in order to design audit procedures that are appropriate in view of the circumstances, and not for the purpose of expressing an opinion on the effectiveness of the company's internal control system. An audit also includes evaluating the appropriateness of accounting policies and methods used and the reasonableness of accounting estimates made by Management, as well as evaluating the overall presentation of the company and consolidated financial statements.

We have obtained reasonable assurance that all important evidence has been brought to our attention and is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying company and consolidated financial statements present fairly, in all material respects, the financial position of the Company EMPORIKI EISAGOGIKI AFTOKINITON DITROHON KAI MIHANON THALASSIS SOCIETE ANONYME and its subsidiaries as of 31 December 2014, and their

financial performance and cash flows for the year then ended, in accordance with International Financial Reporting Standards, as the latter have been adopted by the European Union.

Report on Other Legal and Regulatory Requirements

a) The Directors' Report includes a corporate governance statement which provides the information laid down in Article 43(a)(3)(d) of Codified Law 2190/1920.

b) We have verified the compliance and consistency of the content of the Directors' Report with the accompanying company and consolidated financial statements, as foreseen under the provisions of Articles 43(a), 108 and 37 of Codified Law 2190/1920.

NOTES ON THE ANNUAL FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Emporiki Eisagogiki Aftokiniton Ditrohon kai Mihanon Thalassis Group of Companies S.A., under the distinctive title Motodynamics S.A. ("the Group") is a Greek group of companies mainly engaged in the import, agency, distribution and trade of cars, motorcycles and marine products (outboard motors, inflatable boats and jet skis), spare parts and lubricants. The parent Company MOTODYNAMICS S.A. ("Motodynamics" or "parent company") was founded in Greece in 1992 with a 25-year term, until 2018.

The Group has the right of exclusive distribution of Yamaha Motor Co. products in Greece, Romania and Bulgaria, as well as the products of its associates based on contracts concluded by Yamaha Motor Europe N.V. (subsidiary of Yamaha Motor Co., Japan). These contracts, for all countries, were renewed and now extend to 31 December 2016.

In April 2011 the company concluded the cooperation agreement and signed the relevant contracts for the exclusive distribution of Porsche AG products in Greece.

From June 2005 the Company's shares have been traded on the Athens Stock Exchange. The Company is based in Aspropyrgos, at Kyrillos site, P.C. 19300. The Company has two branches: one in Attica and one in Thessaloniki (in leased property).

The accompanying notes include the financial statements of Motodynamics and its subsidiaries whose activities are described in note 4.

The number of employees at year end was 71 for the parent company and 107 for the Group and for the corresponding previous year they numbered 70 for the parent company and 102 for the Group, respectively.

2. BASIS FOR PRESENTATION OF CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS

(a) Basis of Preparation of the Financial Statements: The accompanying consolidated and separate Financial Statements, (hereinafter «the financial statements») have been prepared on the basis of historical cost and according to International Financial Reporting Standards («IFRS») adopted by the European Union. The financial statements are drawn up in accordance with Greek Codified Law 2190/1920, as applicable. No Standards were applied before their effective date.

(b) Approval of Financial Statements. The Financial Statements for the year ended December 31, 2014 were approved by the Company's Board of Directors in its meeting of March 20, 2015. Please note that the accompanying financial statements are subject to the approval of the Ordinary General Meeting of Shareholders.

(c) Use of estimates: The preparation of Financial Statements in accordance with IFRS requires that the management makes estimates, assumptions and adjustments which affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as well as the revenues and expenditures presented for the reporting period. These estimates, assumptions and judgments are periodically reviewed so that they may reflect actual facts and will reflect the risks prevailing at the time; they are based on the previous experience of the management in relation to the size of related transactions or events. The actual results may differ from these estimates. The most significant estimates and judgments related to facts the evolution of which could affect the financial statements' items during the following 12 months are cited below:

- ***Provision for income tax***: The income tax provision according to IFRS 12 is calculated by estimate of the taxes to be paid to tax authorities and includes the current income tax for every use and provision for additional taxes that may occur during tax audits. The final settlement of income taxes may diverge from the relevant amounts recorded in the financial statements.

- ***Provision for doubtful receivables:*** The Group calculates a special provision for doubtful receivables based on estimates of the administration regarding the possibility of collecting its receivables, which is reassessed at the year end.

2. BASIS FOR CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS PRESENTATION (CONTINUED)

- ***Recovery of deferred tax assets:*** The recognition of deferred tax receivables entails estimates regarding their recoverability and, specifically, the recognition of deferred tax receivables on tax losses brought forward demands from Management the formulation of forecasts regarding the achievement of sufficient tax profits, which will allow their recovery, for every taxation system under which the Company and the subsidiaries of the Group operate.

- ***Provision for Staff Leaving Indemnities:*** The liabilities for staff leaving indemnities are calculated on the basis of actuarial methods, the implementation of which requires Management to evaluate specific parameters, such as the future

rise in employee remuneration, the discount rate applied to said liabilities, the employee turnover rate etc.Management attempts, at each reference date on which the above provision is revised, to evaluate these parameters in the best possible manner.

- ***Contingent liabilities:*** The existence of contingent liabilities requires from Management the continuous formulation of assumptions and judgments pertaining to the likelihood of contingencies occurring or not occurring, as well as the impact that said contingent events may exert on the Group's activity.

2.1. MODIFICATIONS TO ACCOUNTING PRINCIPLES AND DISCLOSURES

New Standards, Interpretations, Revisions and Amendments to existing Standards which are in force and have been adopted by the European Union

The following IFRS amendments and Interpretations were issued by the International Accounting Standards Board (IASB), are adopted by the EU and their application is mandatory beginning on or after 01/01/2014.

- ***IFRS 10 "Consolidated Financial Statements", IFRS 11 "Joint Arrangements", IFRS 12 "Disclosure of Interests in Other Entities", IAS 27 "Separate Financial Statements" and IAS 28 "Investments in Associates and Joint Ventures" (applied for annual accounting periods beginning on or after 01/01/2014)***

In May 2011 the IASB issued three new Standards: IFRS 10, IFRS 11 and IFRS 12. IFRS 10 "Consolidated Financial Statements" provides a consolidation model that defines control as the basis for the consolidation of all types of entities. IFRS 10 replaces IAS 27 "Consolidated and Separate Financial Statements" and SIC 12 "Consolidation — Special Purpose Entities". IFRS 11 "Joint Arrangements" establishes the principles regarding financial reporting of the members participating in a joint arrangement. IFRS 11 replaces IAS 31 "Interests in Joint Ventures" and SIC 13 "Jointly Controlled Entities - Non-Monetary Contributions by Venturers". IFRS 12 "Disclosure of Interests in Other Entities" combines, enhances and replaces the disclosure requirements for subsidiaries, jointly controlled entities, associates and non-consolidated entities. As a result of these new standards, the IASB has also issued the amended IAS 27 "Separate Financial Statements" and the amended IAS 28 "Investments in Associates and Joint Ventures". The standards have no effect on consolidated Financial Statements.

- ***Transition guidance: Consolidated Financial Statements, Joint Arrangements, Disclosure of Interests in Other Entities (Amendments to IFRS 10, IFRS 11 and IFRS 12) (applied for annual accounting periods beginning on or after 01/01/2014)***

In June 2012, the IASB issued this amendment to clarify the transition guidance in IFRS 10. The amendments provide additional guidance to transition in IFRS 10, IFRS 11 and IFRS 12, limiting the requirements to provide comparative information only to the period that immediately precedes the previous comparative period. Further, regarding disclosures for non-consolidated entities, the amendments lift the requirement to provide comparative information. The amendments have no effect on consolidated Financial Statements.

- ***Investment Entities (Amendments to IFRS 10, IFRS 12 and IAS 27) (applied for annual accounting periods beginning on or after 01/01/2014)***

In October 2012, the IASB issued amendments to IFRS 10, IFRS 12 and IAS 27. The amendments apply to a particular class of business that qualify as "investment entities". The IASB uses the term "Investment Entities" to refer to an entity whose business purpose is to invest funds solely for returns from capital appreciation, investment income or both. An investment entity must evaluate the performance of its investments on a fair value basis. Such entities could include private equity organizations, venture capital organizations, pension funds, sovereign wealth funds and other investment funds. The amendments provide an exception to the consolidation requirements in IFRS 10 and require investment entities to measure particular subsidiaries at fair value through profit or loss, rather than consolidate them. The amendments have no effect on consolidated Financial Statements.

- ***Amendment to IAS 32 "Financial instruments: Presentation" - Offsetting financial assets and financial liabilities (effective for annual accounting periods beginning on or after 01/01/2014)***

In June 2011, the IASB issued amendments to IAS 32 "Financial Instruments: Presentation" to provide clarifications regarding the requirements of the Standard on offsetting of financial assets and financial liabilities in the Statement of Financial Position. The amendments have no effect on consolidated Financial Statements.

- ***Amendment to IAS 36 "Impairment of Assets" - Recoverable amount disclosures for non-financial assets (applied for the annual accounting period starting on or after 01/01/2014).***

In May 2013, the IASB issued a limited purpose amendment to IAS 36 "Impairment of Assets". This amendment sets out the disclosures that must be made with regard to the recoverable amount of an impaired asset, if this amount is based on fair value less costs of sale. The amendment has no effect on the consolidated Financial Statements.

- ***Amendment to IAS 39 "Financial instruments: Recognition and Measurement" - Novation of derivatives and discontinuation of hedge accounting (applied for annual accounting periods starting on or after 01/01/2014).***

In June 2013, the IASB issued limited purpose amendments to IAS 39 "Financial Instruments: Recognition and Measurement". The goal of the recommended amendments is the introduction of a limited purpose exception, with regard to the suspension of hedge accounting, in accordance with the principles of IAS 39. Specifically, if specific conditions are met, an exception is recommended when the counterparty of a derivative that has been specified as a hedging instrument, is replaced by a main counterparty, as a result of changes to laws or regulations. A relevant exception will be included in IFRS 9 "Financial Instruments". The amendments have no effect on consolidated Financial Statements.

- ***IFRIC 21 "Levies" (applied for annual periods beginning on or after 01/01/2014).***

In May 2013, the IASB issued IFRIC 21. The Interpretation clarifies when a company must recognize the obligation to pay a levy imposed by the state, in its Financial Statements. IFRIC 21 is an interpretation of IAS 37 "Provisions, Contingent Liabilities and Contingent Assets". IAS 37 sets out the criteria for the recognition of a liability, one of them being the present obligation resulting from a past event, which is known as an obligating event. The interpretation specifies that the obligating event that creates the obligation to pay the levy is the action described in the relevant laws, which causes the payment of the levy. The amendments have no effect on consolidated Financial Statements.

2.2. NEW STANDARDS AND INTERPRETATIONS

The following new Standards and Revisions, and the following Interpretations to existing standards have been published but are either not yet effective or have not been adopted by the European Union. In particular:

- ***IFRS 9 "Financial Instruments" (effective for annual periods beginning on or after 01/01/2018).***

In July 2014, the IASB published the final version of the IFRS 9. The package of improvements introduced by the new standard includes a logical model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially-reformed approach to hedge accounting. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

- ***IFRS 14 "Regulatory Deferral Accounts" (effective for annual periods beginning on or after 01/01/2016)***

In January 2014, it published a new standard, IFRS 14. The aim of this interim Standard is to enhance the comparability of financial reporting by entities that are engaged in rate-regulated activities. Many countries have industry sectors that are subject to rate regulation, whereby governments regulate the supply and pricing of particular types of activity by private entities. The Group will

examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

2.2. NEW STANDARDS AND INTERPRETATIONS (continued)

- ***IFRS 15 "Revenue from Contracts with Customers" (effective for annual periods beginning on or after 01/01/2017).***

In May 2014, the IASB published a new standard, IFRS 15. This standard is fully harmonised with the requirements for recognising revenue under both IFRS and US GAAP. The new standard replaces IAS 18 Revenue, IAS 11 Construction Contracts and certain related interpretations on revenue recognition. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

- ***Annual Improvements to Standards 2010-2012 Cycle (for annual accounting periods beginning on or after 01/07/2014)***

In December 2013 the IASB issued "Annual Improvements to International Financial Reporting Standards 2010-2012 Cycle" which comprises a number of amendments to 8 Standards and forms part of the programme for annual improvements to Standards. The amendments apply to annual accounting periods commencing on or after 1 July 2014, even if the financial entities are allowed to apply before. This Cycle comprises the following issues: IFRS 2: Definition of vesting condition, IFRS 3: Accounting for contingent consideration in a business combination, IFRS 8: Aggregation of operating segments, IFRS 8: Reconciliation of the total of the reportable segments' assets to the entity's assets, IFRS 13: Short-term receivables and payables, IAS 7: Interest paid that is capitalised, IAS 16/IAS 38: Revaluation method - proportionate restatement of accumulated depreciation and IAS 24: Key management personnel. The Group will examine the effect of all the above on the consolidated Financial Statements. The above were adopted by the European Union in December 2014.

- ***Annual Improvements to Standards 2011-2013 Cycle (for annual accounting periods beginning on or after 01/07/2014)***

In December 2013 the IASB issued "Annual Improvements to International Financial Reporting Standards 2011-2013 Cycle" which comprises a number of amendments to 4 Standards and forms part of the programme for annual improvements to Standards. The amendments apply to annual accounting periods commencing on or after 1 July 2014, even if the financial entities are allowed to apply before. This Cycle comprises the following issues: IFRS 1: Definition of the existing IFRSs, IFRS 3: Exceptions for joint ventures, IFRS 13: Scope of paragraph 52 (portfolio exception), and IAS 40: Clarifying the interrelationship of IFRS 3 Business Combinations and IAS 40 Investment Property when classifying property as investment property or owner-occupied property. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above were adopted by the European Union in December 2014.

- ***Annual Improvements to Standards 2012-2014 Cycle (for annual accounting periods beginning on or after 01/01/2016)***

In September 2014 the IASB issued "Annual Improvements to International Financial Reporting Standards 2012-2014 Cycle" which comprises a number of amendments to 4 Standards and forms part of the programme for annual improvements to Standards. The amendments apply to annual accounting periods commencing on or after 1 January 2016, even if the financial entities are allowed to apply before. This Cycle comprises the following issues: IFRS 5: Changes in methods of disposal, IFRS 7: Servicing contracts and applicability of the amendments to IFRS 7 to interim financial statements, IAS 19: Discount rate, and IAS 34: Disclosure of information in the interim financial report. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

2.2. NEW STANDARDS AND INTERPRETATIONS (continued)

- ***Amendment to IAS 19: "Defined Benefit Plan: Personnel's Contributions" (applied to annual accounting periods beginning on or after 01/07/2014)***

In November 2013, the IASB issued a limited purpose amendment to IAS 19 "Employee Benefits" under the title Defined Benefit Plan: Employee Contributions (amendments to IAS 19). This amendment applies to employee or third party contributions related to defined benefit plans. The purpose of this amendment is to simplify the accounting of the contributions that are independent from employees' years of service, as are for example contributions calculated as a fixed percentage of the salary. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above were adopted by the European Union in December 2014.

- ***Amendment to IAS 27: "Equity method in separate financial statements" (applied to annual accounting periods beginning on or after 01/01/2016):***

In August 2014, the IASB published a limited purpose amendment to IAS 27 "Equity method in separate financial statements". By this amendment, an entity may account for investments in subsidiaries, joint ventures and associates based on the equity method in its separate financial statement, which was not permitted before the specific amendment was published. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not been adopted yet by the European Union.

- ***Amendments to IFRS 10 and IAS 28: "Sale or Contribution of Assets between an Investor and its Associate or Joint Venture" (effective for annual accounting periods beginning on or after 01/01/2016)***

In September 2014, the IASB issued the limited purpose version "Sale or Contribution of Assets between an Investor and its Associate or Joint Venture" (amendments to IFRS 10 and IAS 28). The amendment will be applied in the future by entities to sales or contributions of assets performed in the annual accounting periods beginning on or after 01/01/2016. Earlier application is permitted, as long as a relevant notification is given in the financial statements. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not been adopted yet by the European Union.

- ***Amendments to IAS 16 and IAS 41: "Agriculture: Bearer Plants" (effective for annual accounting periods beginning on or after 01/01/2016).***

In June 2014, the IASB published amendments changing the financial reporting for bearer plants. By these amendments, it was decided that bearer plants exclusively used for production increase purposes must be accounted for in the same way as tangible assets (IAS 16). Therefore, the amendments bring bearer plants within the scope of IAS 16 instead of IAS 41. The produce of bearer plants remains within the scope of IAS 41. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

- ***Amendments to IAS 16 and IAS 38: "Clarification of Acceptable Methods of Depreciation and Amortisation" (applied for annual accounting periods beginning on or after 01/01/2016)***

In May 2014, the IASB issued amendments to IAS 16 and IAS 38. IAS 16 and IAS 38 lay down the principles for clarifying how depreciation and amortisation will be accounted for according to the expected consumption of the future economic benefits embodied in the asset. The IASB has clarified that revenue-based methods are not appropriate for calculating the amortisation and depreciation of an asset, since the revenue generated from an activity that comprises the use of an asset generally reflects other factors and not the consumption of the expected future economic benefits embodied in the asset. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

2.2. NEW STANDARDS AND INTERPRETATIONS (continued)

- ***Amendments to IFRS 11: "Accounting for the acquisition of an interest in a joint operation" (applied for annual accounting period beginning on or after 01/01/2016)***

In May 2014, the IASB issued amendments to IFRS 11. These amendments introduce new guidance concerning the accounting for the acquisition of an interest in a joint operation that is a business and clarify the appropriate accounting for such acquisitions. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

- ***Amendments to IAS 1: "Disclosure Initiative" (effective for annual accounting period beginning on or after 01/01/2016)***

In December 2014, the IASB issued amendments to IAS 1. These amendments are aimed at resolving issues pertaining to the existing presentation and disclosure requirements and safeguarding that entities are able to use judgment when preparing their Financial Statements. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not yet been adopted by the European Union.

- ***Amendments to IFRS 10, IFRS 12 and IAS 28: "Investment Entities: Applying the Consolidation Exception" (effective for annual accounting periods beginning on or after 01/01/2016)***

In December 2014, the IASB issued limited purpose amendments to IFRS 10, IFRS 12 and IAS 28. These amendments introduce clarifications concerning the requirements for accounting for investment entities, while providing for exemptions in specific cases that will reduce costs related to the implementation of standards. The Group will examine the impact of all the above on the Group's Financial Statements, although no impact is expected to occur. The above have not been adopted yet by the European Union.

3. PRINCIPAL ACCOUNTING POLICIES

The accounting policies on the basis of which the financial statements are prepared are the following:

(a) Basis of consolidation: The accompanying consolidated financial statements include those of the parent company EMPORIKI EISAGOGIKI DITROHON KAI MIHANON THALASSIS S.A. ("MOTODYNAMICS SA") and of its subsidiaries. All subsidiaries (entities in which Motodynamics has direct or indirect ownership of the majority of voting interest and/or has the power to control the Board) have been consolidated. Subsidiaries are consolidated from the date on which effective control is transferred to the group and cease to be consolidated on the date at which control is transferred out of the Group. All intercompany balances and transactions have been eliminated. Where necessary, accounting policies of the subsidiaries have been revised to ensure consistency with those of the parent. A full list of consolidated subsidiaries, along with the related effective ownership interests of Motodynamics in each, is provided in note 4. It is noted that all Group subsidiaries have the same Financial Statement closing date. Losses of subsidiaries are attributable to interests that do not constitute control, even if this results in a debit balance. The change in interests in a subsidiary without loss of control is considered to be a transaction within equity.

(b) Functional and Presentation Currency and Foreign Currency Translation: The functional and presentation currency of Motodynamics and its Greek subsidiaries is the Euro. Transactions involving other currencies are converted to Euro using the exchange rates which are in effect at the time of the transactions. Assets and liabilities in foreign currency are adjusted to reflect the exchange rates as at the balance sheet date. Profits and losses resulting from transactions in foreign currency as well as year-end valuation of monetary assets and liabilities in foreign currency are reported in the income statement, with the exception of transactions that comply with cash flow hedging requirements that are reported in equity. The functional currency of the Company's foreign subsidiaries is the official currency of the country in which each subsidiary operates. Accordingly, at each reporting date all balance sheet accounts of the subsidiaries are translated into Euro using the exchange rate in effect at the balance sheet date. Revenues and expenses are translated at the weighted average rate of exchange prevailing during the reporting year/period. The accumulated difference resulting from such translation is recognised directly in consolidated equity until the disposal, write off or de-recognition of a subsidiary, when it is transferred to the consolidated income statement.

(c) Intangible assets: Intangible assets consist mainly of software, the value of which represents acquisition cost increased by any type of outlay incurred during system implementation and reduced by accumulated depreciation and possible impairment. Significant subsequent expenditures are capitalised when they enhance software performance beyond initial specifications. The acquisition value and the accumulated depreciation of an asset are de-recognised after its disposal or when no further economic benefits are expected from its use. Any profit or loss resulting from the de-recognition of an asset is included in the income statement of the year in which the asset was de-recognised.

3. BASIC ACCOUNTING PRINCIPLES (continued)

(d) Tangible Assets: Tangible Assets are stated at historical cost less accumulated depreciation, if applicable, and any accumulated impairment losses. Repairs and maintenance are charged to expenses as incurred. Significant subsequent expenses are capitalized when increasing the fixed asset's useful life or its production capacity or when decreasing its operating cost. The acquisition value and the accumulated depreciation of an

asset are de-recognised after its disposal or when no further economic benefits are expected from its use. An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

(e) Depreciation: Depreciation is calculated on a straight-line basis over the average estimated useful economic life of the assets and is included in the income statement. It is noted that plots are not amortised. The useful lives used are as follows:

Class	**Years**
Buildings	15- 40
Building improvements	15-20
Machinery and equipment	5 - 10
Means of transportation	5- 10
Furniture and fixtures	3- 8
Software	3-10
Rights	10

(f) Impairment of Assets The carrying values of non-current assets are subject to impairment if events or changes in circumstance indicate that their carrying values are no longer recoverable. The loss from asset impairment is accounted for in the income statement for the year in which the net carrying value of the asset after depreciation exceeds its recoverable amount. Recoverable amount is determined as the greater of the net selling price and the value in use of the asset in question. Net selling price is the amount which can be obtained from the sale of an asset in an arms length transaction in which both parties are willing and knowledgeable after the deduction of any incremental disposal costs, while value in use is the present value of expected future cash flows which will result from the continuing use of the asset and from its disposal at the end of its estimated useful life. For the purposes of assessing impairment, assets are grouped at the lowest level for which there exist separately identifiable cash flows.

(g) Investments in subsidiaries: Investments in subsidiaries are measured at cost less any accumulated impairment losses. In the company's financial statements the participation of its subsidiaries evaluated at cost value reduced by their value depreciation, when necessary.

(h) Inventories: Inventories are valued at the lower of acquisition cost and of net realizable value. The acquisition cost includes their purchase price plus any other costs necessary to bring them to the company's warehouses, and is

determined for the main products (two-wheelers, marine products etc.) by the specific identification method, while for spare parts, accessories and other complementary products by the weighted average cost method. A provision for impairment of inventory value is formed using management estimates based on each situation and the possibility of using the products if this becomes necessary, keeping in mind that the company is obligated to maintain a safety stock of spare parts for the totality of models in circulation.

(i) Trade Accounts Receivable: Accounts receivable are presented at nominal value after provisions for doubtful balances. The level of the provision for doubtful receivables formed by Motodynamics and its subsidiaries at the end of each reporting period is determined on the basis of an estimate of the potential risk of non-collection of past due balances or receivables currently in litigation. The accumulated amount of the provision for doubtful receivables is reduced by the amount of receivables declared to be non-collectible. It is the Group's and Company's policy not to write off any receivable until all possible forms of legal recourse for collection have been exhausted.

(j) Financial Assets and Liabilities: Financial assets and liabilities on the balance sheet include cash and equivalents, other receivables and short and long term liabilities. The accounting policies applied to the recognition and valuation of these assets are mentioned in the respective accounting

policies presented in this note. Interest, dividends, profits and losses resulting from financial assets and liabilities are accounted for as revenues of expenditures respectively. The distribution of dividends is accounted for directly in the net equity position. Motodynamics and subsidiaries do not use derivative financial products, either for risk hedging or for profit-making purposes. Usual risks in which theoretically the company is subject to, include market risks (market prices, interest rates, changes in foreign exchange rates), credit risk, and liquidity risk.

3. BASIC ACCOUNTING PRINCIPLES (continued)

(k) Cash and Cash Equivalents: Fixed-term deposits and other highly liquid investments with a maturity less than three months are considered to be cash equivalent.

(l) Bank Loans: Bank loans and credits are initially recognised at cost, which reflects their fair value reduced by the loan arrangement expenses. After initial recognition, loans are valued at their unamortised cost based on the effective interest rate method. Unamortised costs include any type of loan or other credit issuance expenses.

(m) Borrowing Costs: All borrowing costs directly attributable to the acquisition, construction or production of an asset fulfilling the requirements, shall be capitalised. An asset fulfilling the requirements is an asset necessarily requiring a significant period of preparation for the use it is intended for or for its sale.

(n) Provision for Staff Leaving Indemnities: Staff retirement obligations are calculated at the discounted value of the future retirement benefits deemed to have accrued at year-end, based on the employees earning retirement benefit rights steadily throughout the working period. Retirement obligations are calculated on the basis of financial and actuarial assumptions detailed and are determined using the projected unit credit actuarial valuation method. Net pension costs for the period are included in payroll in the accompanying income statement and consist of the
present value of benefits earned in the year, interest cost on the benefit obligation, past service cost, actuarial profits or losses recognised in the fiscal year and any additional pension changes. Past service costs are recognized on a straight-line basis over the average period until the benefits under the plan become vested. Unrecognised actuarial profits or losses are recognised in equal installments during the average remaining employment period of active staff, and are included in net departure costs due to retirement for the reporting year in cases where at the beginning of the reporting year the accumulated balance exceeds 10% of the expected future obligations for benefits. The retirement benefit obligations are not funded. No provision for employees in foreign subsidiaries shall be calculated, since no vesting of such right exists by law.

(o) Participation share scheme: The Group applies a scheme for granting participation securities (shares) of the parent Company to key management personnel. The fair value of the services provided by employees to whom free shares are granted is recorded as expense. The total expense is recorded during the maturation period of such rights and is determined based on the reasonable value of the rights granted. On each balance sheet date, the Group re-examines its estimates on the number of options expected to be exercised and records the readjustment, if any, in the results with respective impact on equity.

(p) Income Tax (Current and Deferred): Current income tax in the consolidated financial statements is estimated on the basis of financial statements of every company that included in the consolidation, according to the Greek tax laws currently in force or laws in force in countries where subsidiaries operate. In the separate financial statements current income tax is estimated on the basis of the parent financial statements according to the Greek tax laws currently in force. The expenditure for income tax consists of income tax calculated on the basis of annual results as these are modified in the Company's tax statements, additional income taxes determined by tax audits conducted by the tax authorities and deferred income taxes on the basis of tax rates currently in use. Deferred income taxes are computed on the basis of the liability method for any temporary difference which results from the difference between the tax base of asset or liability, and their accounting value as this is presented in the financial statements. No deferred tax claim is accounted for where the expected tax benefit will probably not be realised in the near future. For transactions recognised directly in the Company's net equity position, any tax consequence is recognised in the net equity position. The calculation of deferred taxes is carried out using either enacted or substantively
enacted tax rates on the basis of which it is expected that tax claims or obligations will be settled.

Deferred tax liabilities are recognised for all taxable temporary differences unless:

- the deferred income tax liability arises from the initial recognition of goodwill or the initial recognition of an asset or liability in a transaction other than a business combination and at the moment of transaction does not affect the accounting profit or the taxable profit or loss, and
- there are taxable temporary differences in relation to investments in subsidiaries, associates and interests in joint ventures, where the timing of reversal of such temporary differences may be controlled and it is probable that temporary differences will not be reversed in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences and deferred tax assets and tax losses, to the extent that it is probable there will be available taxable profit which will be used against the deductible temporary differences and deferred unutilised tax assets and losses unless:

- the deferred tax asset from deductible temporary differences arises from the initial recognition of an asset or liability in a transaction other than a business combination and at the moment of transaction does not affect the accounting profit or the taxable profit or loss, and
- deductible temporary differences relating to investments in subsidiaries, associates and interests in joint ventures are recognised only where it is probable that the temporary differences will be reversed in the foreseeable future and there will be taxable profit available to be used against such deductible temporary differences.

3. BASIC ACCOUNTING PRINCIPLES (continued)

(q) Provisions and Contingent Assets and Liabilities: Provisions are recognised when the Company has present legal or constructive obligations as a result of past events, whose settlement involves an outflow of funds and where the exact amount of any eventual liability can be credibly estimated. Provisions are re-examined at the date of preparation of every balance sheet and are modified so as to reflect the present value of the expense expected to be incurred to settle the obligation. In cases where there is a substantial time delay from the recognition of a provision to the expected time of settlement, provisions are discounted using a pretax discount rate.Contingent liabilities are not recognised in the financial statements but are disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognised in the financial statements but are disclosed if the inflow of economic benefits is probable.

(r) Earnings per Share: Basic earnings per share are computed by dividing net profits attributable to shareholders of the parent by the weighted average number of shares in circulation each year, subtracting the average number of shares repurchased as own shares. Diluted earnings per share are computed by dividing net profits attributable to shareholders of the parent restated by the impact of potential conversion on instruments convertible to shares, by the average number of shares mentioned above, restated by the impact of potential conversion of instruments convertible to shares.

(s) Revenue Recognition: Revenues are recognised to the degree that it is probable that economic benefits will flow and where revenue can be reliably measured. Revenues from the sale of goods after the deduction of any discounts and commissions are recognised when the buyer assumes the significant risks and benefits deriving from ownership of the goods in question. Intercompany sales between Group companies are written off. Revenues from the provision of services are recognised on the basis of the stage of completion of the services provided at the date of financial statement preparation, compared to the total services to be provided. Revenues from interest are recognised as revenues in the period to which they refer and revenues from dividends are recognised when the right to receive them has been approved by the respective bodies of the companies declaring the dividends.

(t) Segment Reporting: The Group operates mainly in the automobile, wholesale and retail markets for motorised two-wheelers and marine products (outboards, inflatable crafts etc.) which it considers as operating segments and for which it discloses the required information. Uniform accounting principles are followed for each of these operating segments. Due to the fact that sales, operating results and assets originating outside the territory of Greece represent less than 10% of the Company total, the respective analyses by geographical are not disclosed.

(u) Own Shares: Own shares represent Company shares acquired and held by the Company. Own shares are presented at acquisition cost, as separate item, deducted from the equity. Any result occurring from the purchase, sale, or cancellation of own shares is directly recognised in equity

(v) Reclassification of items: Certain items of the balance sheet and the income statement of the previous year have been reclassified in order to become comparable to those of the closing year.

(w) Operating Leases: Leases in which the lessor maintains substantially all benefits and risks emanating from the property ownership are classified as operating leases. Rent payments for operating leases are recorded as expenses in the results systematically during the lease.

(x) De-recognition of Financial Assets and Liabilities:

(i) Financial assets: Financial assets (or, as the case may be, the part of a financial asset or the part of a financial asset group) are de-recognised when:

- The rights on the case resources' inflow have expired.

- The Company maintains the right on the inflow of cash resources from the specific asset but has also assumed a liability against third parties to fully reimburse them without unreasonable delay in the form of a transfer contract.

- The Company has transferred the right on the inflow of case resources from the specific asset, while, at the same time, it has either (a) transferred substantially all risks and benefits or (b) not transferred substantially all risks and benefits, but has transferred the control over the specific asset.

3. BASIC ACCOUNTING PRINCIPLES (continued)

- In cases that the Company has transferred the rights on inflow of case resources from the specific asset but has not transferred substantially all risks and benefits from, or the control over, the specific asset, then such asset is recognised at the extent of the Company's continued participation in such asset. The continued participation that has the form of a guarantee on the asset transferred is assessed at the lower of the asset's initial balance and the maximum amount that the Company is called to pay. When the continued participation has the form of call and/or put option on the asset (including options settled by cash), the extent of the Company's continued involvement is the value of the asset transferred that the Company may repurchase, excluding the case of a put option on the asset that is assessed at fair value, where the continued participation of the Company is limited to the lower of the fair value of the asset transferred and the option exercise price.

(ii) ***Financial liabilities***: Financial liabilities are de-recognised when the liability is cancelled or expires or no longer exists. If an existing liability is replaced by another of the same lender but under substantially different terms or if there are material changes in the terms of an existing liability, then the initial liability is de-recognised,
and a new liability is recognised and the difference that occurs in the balances is recognised in the results.

(y) ***Dividends:*** Dividends are accounted for as income, when the right to collect them is vested. The distribution of dividend is recognised as a liability when approved by the General Shareholders' Meeting.

- ***Determination of fair value***

Under the IFRS, the Group has the discretion to measure its assets or liabilities at their fair value. Fair value is a market-based measurement and does not relate to a specific entity. For certain assets and liabilities, there may be available observable market transactions or market information. For other assets and liabilities, there may not be available observable market transactions or market data or market information. The Group has no assets measured at fair value.

4. HOLDINGS IN SUBSIDIARIES

The consolidated financial statements comprise the parent company's and the subsidiaries' financial statements, which are consolidated using the total consolidation method and are the following:

Subsidiary / Business	Year of establishment	%	Country
Motodiktyo S.A. Motorcycles, motorbikes, machinery, machines and any type of motor agency, import, trade, distribution, maintenance, repair and assembling.	2002	100%	Greece
Motodynamics Srl. Representation, exclusive distribution, re-export, logistics services and trading of Yamaha brand products in Romania	1994	100%	Romania
Motodynamics Ltd. Representation, exclusive distribution, re-export, logistics services and trading of Yamaha brand products in Bulgaria	1992	100%	Bulgaria

Up to 2011, the Company, jointly appraising international and local developments in conjunction with the accumulated losses of its subsidiaries Motodynamics Srl and Motodynamics Ltd, formed a provision amounting to € 1.820 thousand in total, by which it partially impaired its participating interest in the above subsidiaries, considering that the recovery of the corresponding amount is not forecasted to take place during ensuing years. Within December 2014, the Company reviewed the provision for the devaluation of its participating interests but no significant differences occurred. The formed provision pertains to subsidiary Motodynamics Ltd (Bulgaria) by € 1.120.000 and Motodynamics Srl (Romania) by € 700.000.

Participation of the parent company in subsidiaries included in the consolidated financial statements has as follows:

	31 December 2014	31 December 2013
Motodiktyo S.A.	1.578.156,52	1.578.156,52
Motodiktyo Northern Greece S.A.	-	155.677,50
Motodynamics Srl.	1.883.927,84	1.883.927,84
Motodynamics Ltd.	1.499.347,84	1.499.347,84
Provision for devaluation of participating interests	(1.820.000,00)	(1.973.117,29)
	3.141.432,20	**3.143.992,41**

On 04 March 2014 the company "Motodiktyo of Northern Greece S.A", subsidiary by 51%, was permanently deleted by the competent authorities, according to decision of the Ordinary General Meeting of 30 December 2013 for the conclusion of the company's liquidation and final dissolution.

5. TRANSACTIONS - BALANCES WITH SUBSIDIARIES

Transactions with subsidiaries

Transactions with subsidiaries (sales of merchandise and provision of services) are carried out within the Company's normal business operations. Outstanding balances at the end of the period are unsecured, interest free and settlement is made in cash within the term agreed between the said companies. On 31 December 2014 there were no guarantees or any other company's commitments to its subsidiaries. The Company's Management does not deem that a provision is required for potential failure to collect its receivables from its subsidiaries and, therefore, no provision has been formed.

The breakdown of transactions (sales of merchandises and provision of services) and Company balance with the above mentioned subsidiaries, in which it holds a participating interest, as well as the breakdown of transactions among the subsidiaries are presented below.

	COMPANY	
	31 December 2014	31 December 2013
Sale of goods and services		
Motodiktyo S.A.	3.451.494,59	2.889.987,38

13. INCOME TAX (CURRENT AND DEFERRED)

Income tax in the income statement is analyzed as follows:

	GROUP		COMPANY	
	31 December 2014	31 December 2013	31 December 2014	31 December 2013
Current income tax	3.396,04	5.618,28	-	-
Deferred income tax	(55.990,63)	(95.205,02)	(56.644,56)	(100.690,73)
Provision for unaudited fiscal years	-	-	-	-
	(52.594,59)	**(89.586,74)**	**(56.644,56)**	**(100.690,73)**

The income tax rate for the parent company is 26%. Tax returns are filed annually but tax profits or losses remain provisional until the company undergoes a tax audit and a fiscal tax assessment is issued. Tax losses, to the extent they are accepted by the tax authorities, can be offset against future profits for a five-year period as of the year in which they arose.
The following table shows the unaudited fiscal years for all the companies in the Group:

Company	Unaudited Periods
Motodynamics S.A.	2010 up to 2014 inclusive
Motodiktyo S.A.	2012 up to 2014 inclusive
Motodynamics Ltd. (Bulgaria)	2008 up to 2014 inclusive
Motodynamics Srl. (Romania)	2010 up to 2014 inclusive

A special tax audit has been carried out on the parent company, Motodynamics S.A., as well as on its subsidiary, Motodiktyo S.A., for the fiscal years 2012 and 2013, pursuant to Article 82 of Law 2238/94, and relevant tax certificates have been issued resulting in a conclusion with any reservations being expressed by the legal auditors. A corresponding tax audit is under way for fiscal year 2014.

In 2013, a regular tax audit was completed for the fiscal years from 2010 to 2011, for Motodiktyo SA. The company appealed to a higher administrative authority within the context of the Administrative Resolution process, under Article 70B of the Income Tax Code, due to contest of VAT payment orders standing at € 23.679. By decision of Internal Review Office of General Secretariat of Public Revenue of Ministry of Finance on 18 February 2014 , the amount that finally paid for VAT and fees for the fiscal year of 2010-2011 is € 3.396,04. The amount will burden the company's results for the current year.

For the unaudited tax periods it is not possible to make a reliable assessment of the additional taxes and penalties that maybe charged and that is because taxes and fines are depend on the significance of findings by the tax authorities. For that reason,
the company has made a provision for additional taxes and penalties to account for unaudited tax years, on the basis of tax assessments of previous years. An analysis and reconciliation of the nominal tax amount derived from the application of the nominal rate to earnings before taxes with the actual tax that arose is shown below:

16. EARNINGS/(LOSSES) PER SHARE

Basic earnings/losses per share were calculated by dividing the net earnings attributable to the parent company's shareholders by the weighted average number of trading shares during the year, except for the average of ordinary shares acquired as own shares. Diluted earnings/losses per share were calculated by dividing the net earnings/losses attributable to the parent company's shareholders by the weighted average number of trading shares as above, adapted to the effect of the possible allocation of free shares, except for the average of ordinary shares acquired as own shares.

23. ALLOCATION OF BONUS SHARES TO DIRECTORS

The Ordinary General Meeting of Shareholders of 17 May 2011, in the framework of the approval of contracts under Article 23ª § 2 of Codified Law 2190/20, approved the granting of 300.000 company shares to the Managing Director and CEO, within the next three years, namely 100.000 shares for the years 2011-2013, amending the prior decision of the General Meeting of 2008 for the payment of 50.000 shares, in the framework of approval of the new contract. Also, the ordinary General Meeting of shareholders of 26 June 2012 approved the same program share vesting program for years 2014 through 2016.

The fair value of the shares of the decisions, was calculated according to share capitalization on the contract's approval date by the Ordinary General Meeting.

The Ordinary General Meeting of June 26th 2012 decided, by virtue of the relevant decision of the General Meeting of May 17th 2011, to increase the share capital by € 118.000,00 (one hundred and eighteen thousand Euro) with the issue of 200.000 common registered shares with a nominal value of € 0,59 each, in order for it to be given to the Managing Director of the Company.

24. SHARE CAPITAL

On December 31st 2009, 2008, 2007, 2006 and 2005, the share capital of the parent company amounted to € 3.026.700,00, comprising 5.130.000 ordinary nominal shares of € 0,59 nominal value each.

By decision of the extraordinary General Meeting dated October 26th, 2010, the following were determined:

That 130.000 treasury shares acquired in the context of the treasury share acquisition plan decided upon by the Ordinary General Shareholders' Meeting decision dated 23.04.2010, in conjunction with the General Meeting decision dated 30.05.2008, would be canceled, resulting in the decrease of the Company's share capital (paid-up) by the amount € 76.700, corresponding to the nominal value of 130.000 canceled equity shares of the Company. The amount of € 169.234 that occurs from the difference between the average acquisition value and the nominal value of such shares shall decrease the "Share Premium" account.

That the Company's share capital would be increased by € 3.835.000 by cash payment and issue of 6.500.000 new common registered shares, of nominal value of € 0,59 each, with pre-emptive rights in favour of the old shareholders, at a selling price of € 0,60 per share. Athens Stock Exchange approved the admission of the Company's new shares for trading on 31/12/2010 and their trading commenced on 07/01/2011.

Finally, the Company's share capital stood, on December 31st, 2010, as well as December 31st 2011 at € 6.785.000,00, consisting of 11.500.000 common registered shares, each of € 0,59 nominal value.

The Ordinary General Meeting of June 26th 2012, decided on the increase of the company's share capital, by the amount of € 118.000 (one hundred and eighteen thousand Euro) with the issue of 200.000 common registered shares, each of a nominal value of € 0,59. The amount of this increase originates from the capitalisation of non-distributed profits.

After this increase, the company's share capital, on 31 December 2014, amounts to € 6.903.000, consisting of 11.700.000 common registered shares, each of nominal value € 0,59.

According to the decision of the Company's Ordinary General Shareholders' Meeting of 30 May 2008 and its extension, according to the Ordinary General Meetings of 23 April 2010, 17 May 2011, 26 June 2012, and 29 May 2013, the Company proceeded, until 31 December 2014, to the purchase of 63.544 Treasury Shares amounting to € 23.128,79.

25. RESERVES

The reserves presented in the accompanying financial statements are analyzed as follows:

	GROUP		COMPANY	
	31 December 2014	31 December 2013	31 December 2014	31 December 2013
Ordinary Reserve	1.015.751,62	1.015.751,62	1.011.293,53	1.011.293,53

According to Greek commercial law, companies are obliged to set up a legal reserve for 5% of their annual net profits until this reserve reaches one third of their paid-in capital. Any distribution from the ordinary reserve is prohibited during the Company's life. For the year ended 31 December 2014, the parent has not formed additional ordinary reserves due to loss-incurring year.

Tax-free reserves under special laws refer to profits which exempted from taxation on the basis of special laws (on the assumption that sufficient profits for their formation exists). These reserves relate to investments and are not subject to distribution. In case of their distribution, income tax is paid for the distributed amounts based on the tax rates being in force. As provided for in IAS 12 «Income Taxes», no deferred tax liability has been recognised for the above reserves.

The special reserve of € 15,568.80 formed in the year 2009 corresponds to dividend on treasury shares held by the company on the date of the ordinary General Meeting which was not distributed due to technical problems.

26. DIVIDENDS

Pursuant to Greek law provisions, the companies are obliged to allocate on an annual basis dividends corresponding to at least 35% of profits after taxes, after having formed the statutory reserve pursuant to law. Non-payment of dividends has to be approved by all of the Company's shareholders.

In foreign subsidiaries, any profits are distributed according to the laws in force in each country.

The Ordinary General Meeting of the parent company's Shareholders of 29 May 2014 decided to not distribute dividend to the shareholders for the year of 2013. As of 31 December 2014, the amount of € 1.212,56 concerns dividends of the fiscal year 2008 not yet assumed by the shareholders.

The parent company's Board of Directors decided, on approval of the accompanying financial statements of 20 March 2015, to not distribute dividend for the year 2014.

27. PROVISION FOR STAFF RETIREMENT INDEMNITIES

On 31 December 2014 and 2013, the established provision for staff retirement indemnities refers to parent company and its Greek subsidiaries. In accordance with Greek law, employees are entitled to indemnities for dismissal or for retirement, the amount of which varies according to salary, years of service and the manner of separation.
(retirement or dismissal). Employees who resign or are dismissed with proper justification are not entitled to an indemnity. Indemnity payable in case of retirements amounts to 40% of the indemnity payable
in case of dismissal without proper justification. Usually in Greece, according to the effective local practice, the staff compensation programs are not financed. These are defined benefit plans under IAS 19. The Group and the Company charges the accrued benefits in each period with a corresponding increase of the provision for the future liability due to retirement. Payments of retirement benefits for each period reduce the accumulated provision. We note that on 31/12/2014 there was no respective liability for the subsidiaries abroad.

Movement in the net liability for staff indemnities for the parent company and the Group is as follows:

27. PROVISION FOR STAFF RETIREMENT INDEMNITIES (continued)

The added cost of extra benefits refers to benefits paid to employees who were made redundant. Most of these benefits were not expected within the terms of this program and were therefore treated as an added retirement charge in the income statement.

Employers contribution to Defined Benefits Programs

The Group of Companies contributions to state social security funds for the period ending on 31 December 2014 and 2013 amounted to € 641.880,90 and € 696.538,23 respectively and are included in the payroll cost in the accompanying income statements.

The parent company's contributions to state social security funds for the period ending on 31 December 2014 and 2013 amounted to € 503.530,91 and € 554.969,49, respectively and are included in the payroll cost in the accompanying income statement.

28. TRADE PAYABLES

Trade payables in the accompanying financial statements are analyzed as follows:

The Company has taken out two bonded loans with a nominal value of € 4 million with credit institutions, following the decision of the Ordinary General Meeting of Shareholders as of 17.05.2011 and the decision of the company's BoD as of 29.07.2011. The balance of the Bond loans on 31/12/2013 was € 1,5 m., which was to be repaid on 02/04/2014, while, after the amendments to the loan terms signed, the above balance of € 1,5 m. was finally repaid in October 2014.

On 31 December 2014 and 2013, Motodynamics S.A. and its subsidiaries had concluded short-term loans and joint accounts, with the purpose of covering needs in working capital. The average borrowing cost (floating interest rates) was : a) for the Company 7,41% in 2014 and 5,23% in 2013 and b) for the Group 7,51% in 2014 and 5,30% in 2013. The average loan balance was a) for the Company € 6.214.968 in 2014 and € 6.115.499 in 2013 and b) for the Group € 6.569.313 in 2014 and € 6.534.279 in 2013.

It is noted that no liens on assets of the Company or the Group were created for granting such loans. Pursuant to the decision of the BoD as of 6/12/2011, MOTODYNAMICS SA has deposited the amount of € 500.000 at a Bank as corporate security for its 100% subsidiary MOTODIKTYO SA. The fair value of the loans is the value presented in the books on 31/12/2014, given that the short-term loans are working capital constantly renewed. All loans are denominated in Euro.

31. FINANCIAL RISK MANAGEMENT

(a) Credit Risk Concentration: There is no significant concentration of credit risk with any single counter party. The maximum exposure to credit risk is represented by the carrying amount of each asset. Motodynamics and its subsidiaries have settled criteria for customers who wish to trade on credit terms. These criteria are mainly based on client's activity "size" with parallel evaluation of clients relevant economical information. The Group and Parent company cover their credit risk with securities (mortgage etc.) or bank letters of guarantee and up to the amount which is considered as necessary.

(b) Fair value: The carrying amounts reflected in the balance sheets for cash and cash equivalents, receivables, and current liabilities approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

(c) Foreign Exchange Risk: The majority of transactions and balances are in Euro. As a result, the management currently estimates that there are no significant risks arising from exchange rate fluctuations.

(d) Interest Rate Risk On 31/12/2014 the total loans of the Company and the Group amounted to € 6.745.952,64 & € 7.102.726,66, respectively. Of this sum, the amount of € 5.600.000 represented interbank loans with a 3-month maturity, where the rate was fixed and unchanged for the respective maturities, and the amount of € 1.145.952,64 for the Company & € 1.502.726,66 for the Group were loans to open accounts with floating interest rate. It is noted that the Group's cash on hand on 31/12/2014 stood at € 158.163,08.

(e) ***Changes in interest rates:*** **Working capital needs are financed, among other sources, by bank debt.** The Company and the Group may borrow at satisfactory terms and to apply hedging techniques that protect against interest rate increases, by concluding Forward Rate Agreements (FRAs).
The following table presents the impact on the Pre-tax Earnings of a potential change in floating rates (with the remaining variables remaining stable) on the loans applicable on 31/12/2014. The impact on Net Worth is insignificant.

75	-8,2
100	-10,9
-50	5,5

(f) ***Liquidity Risk:*** Sensible management of liquidity risk involves sufficient cash availability through a legitimate credit system and the capability to secure the Group with the right due date gathering of the accounts receivable. Due to the dynamic nature of the business, the Group Management aims at preserving flexibility in funding by maintaining adequate cash and open credit lines.

The Company's liquidity is monitored by the Group Management on a regular basis.
It is noted that the following loans mainly regard the Company, since the borrowings of other Group companies are negligible. Below follows a breakdown of maturities of liabilities:

32. COMMITMENTS AND CONTINGENCIES

In the past, and up until 31 December 2014, the Group and the Company have concluded various leasing agreements, mainly related to the lease of buildings and expire on various dates up to 2024. The lease expenses included in the attached income statement of the period ended on 31 December 2014, amount to € 839.606,29 for the Group and to € 664.618,50 for the Company, while the respective amounts for the previous year were € 867.950,21 for the Group and € 689.505,78 for the Company.

The single contingent future liability derives from the possible early voluntary departure and termination of these rental agreements, which according to the applicable civil law, consists of payment of four rents at the time of departure.

The company has paid the amount of € 1.480.000,00 as a guarantee and rent deposits concerning the safeguarding of future leasing of the building. Already, with the agreement of 3/08/2012 amending the lease agreement, the amount of € 980.000, related to prepayment of rentals, will be returned in 16 six-month installments of € 61.250 each (€ 122.500 annually) starting on 1/3/2013, otherwise it will be offset against rents. The amount relating to annual refund of advance payment of rent on 31/12/2014 stands at € 122.500,00 and appears in Other receivables, while the balance of guarantees & deposits appears in Other non-current assets of the company.

The company has granted a loan of € 1.900.000,00 related to working capital to a vehicle distribution representative. It is an interest-bearing loan, and the interest rate is set at a percentage equal to the six-month Euribor, increased by 6% annually. The loan balance as at 31 December 2014 stood at the amount of € 1.790.481,01.

Other non-current assets are broken down as follows:

33. OPERATING SEGMENT REPORTING

The Group, due to its entry in the car business, revised its business segments as follows: the wholesale and retail markets for motorised two-wheelers and marine products (outboards, inflatable crafts etc.) which it considers as operating segments and for which it discloses the required information. Uniform accounting principles are followed for each of these segments. Home analyses per region are not reported due to the fact that sales and assets outside Greece represent less than 10% of the respective total sales and assets of the Group.
